Projects

- SGVU Tech Fest Website [React, Tailwind CSS, GSAP, ShadCN UI, Vercel, React Router]:
 - o GitHub Repository | SGVU Tech Fest Website
 - Designed and developed a dynamic website for my university (SGVU) tech fest, enabling event registrations and updates.
 - Built a modern and responsive interface using **React Router** and **ShadCN UI** components to enhance user experience.
 - o Integrated GSAP to enable smooth animations and transitions, enhancing the interactivity and performance of website.
 - The website has garnered over 90,000+ views, showcasing its popularity and engagement among students.
- Hiring Hub [React, Tailwind CSS, Supabase, Clerk, ShadCN UI]:
 - o GitHub Repository | HiringHub Website
 - o Designed a job portal to streamline job searching, resume submissions, and enhance hiring processes.
 - Built an intuitive user interface that facilitates seamless job posting, searching, and application management.
- TrainTrippers [HTML, CSS, JavaScript, Google Firebase]:
 - o GitHub Repository | TrainTrippers Website
 - Developed a website to search trains between stations and discover nearby destination attractions.
 - Crafted a user-friendly interface for seamless navigation, ensuring easy access to train schedules and attractions.

Internship

- Unified Mentor (May 2024 June 2024):
 - Developed frontend functionalities using HTML, CSS, and JavaScript to enhance user experience.
 - Integrated Firebase for backend services, including authentication and database management.
 - Created the "TrainTrippers" project, mentioned in the resume projects section, to provide train and attraction details.
 - Actively participated in team meetings, offering insights and suggestions to improve project outcomes.
- PHN Technology (April 2023 June 2023):
 - Contributed to building friendly interfaces using React.js, HTML, CSS, and JavaScript for enhanced usability.
 - Designed responsive and visually appealing layouts with Tailwind CSS, ensuring a seamless mobile-first experience.
 - o Collaborated with team to enhance UI/UX design, focusing on user-centric approaches for improved experience.
 - Participated in collaboration sessions, sharing insights and ideas to streamline workflows and boost performance.
